Going For The Gold

Going for the Gold-striving to be the best we could be-was the goal in 1984; here at Alemany and in the world around us.

Athletes came from all around the world to compete in the L.A. Olympic Games. Each one strove to do his best to take home the gold metal-coveted symbol of success.

Success was also desired by presidential candidates each trying to win and lead our country to golden days.

But golden days were already being enjoyed here at Alemany. We too tried for success, whether it was in academics, sports, fine arts or in relationships with others. But those days slipped by too quickly, leaving only the golden memories. So "Go for the Gold" in your life, and make everyday the best it can be.

Golden Moments

Becoming a part of Alemany means becoming a part of a special community. A community of spirit, enthusiasm and the energy to strive for the best that is in us as symbolized by the gold uniforms of our clubs and teams.

The gold we "Go for" is not only success in academic endeavors and sports competitions, but is also composed of those moments spent with friends and teachers.

Homecoming '83

"Old Fashioned Romance" prevailed at Homecoming time. The festivities began with the rally, followed by spirit day, the game, with halftime spectacular and ended in a gazebo and flower decked gym.

Alemaniacs crammed into the gym for the rally. Led by the Seniors, who won the spirit stick, the students cheered the cheerleader's skits of the coming game and a comical fashion show.

On game day, student cowboys in blue jeans, buckskins, bandanas and boots cheered wildly as a first quarter field goal by Bill Birch put Alemany ahead in a hurry. Our team fought well to the end in a 21-3 defeat.

At halftime, the court arrived in a horse-drawn carriage and Maureen Schanbacher was crowned. Once again, the Homecoming activities were original, exciting and most of all memorable.

Dead Brought To Life In Thornton Wilder's "Our Town"

Thornton Wilder's "Our Town", the Alemany drama production which opened the 1983-84 season was an outstanding and innovative success. The new talents of senior Erik Wiggins and freshman Lana Wilson brought the lead roles to life while Lisa Reliford, Ryan Parr, Jackie Shearer and Robert Felmer were excellent supporting parents. Special recognition goes to Mr. T.J. McKimmey, father of director Miss Kate McKimmey, whose stage management and narration added a special touch of class to the production. Performed without props, the Alemany rendition of Wilder's drama showed how important are the "golden moments" of every-day life—the weddings, the baseball games, the birthdays, the strawberry sodas.

Varsity Football Few Golden Moments

With high expectations, the Varsity Football team entered the season rated #1 in the state and #6 in the nation. However, after a few convincing wins against St. Genevieve and Chaminade, they met head-to-head with adversity, injuries and misfortune. With all of this in mind, they went up against many tough opponents including Hart and Servite, both of whom eventually became CIF Champions. They ended the year with a disappointing record, but there were a few highlights. John Mattson, the Indians offensive leader, rushed for 13 touchdowns and was awarded Del Rey League Most Valuable Back. The team also had several players, including Pat Doyle and Brian Adams, named to All League teams. The high point of the season came when the team beat arch-rival Crespi. Although the season was on the whole unsuccessful, it still provided us with a few "golden moments".

At the beginning of the season Coach Ozella felt that lack of experience hurt, but he was glad that his team had enough class to hold together and really unite. He also stated that it was a team without superstars. The coach was especially happy at the end of the season when the sophomore football team took the League championship by beating Crespi 26-0.

A season of hard work and hot and cold streaks was had by the Freshman Football team. Led by Coach Tom Collet, the team learned discipline and sportsmanship both on and off the field, while preparing for future seasons.

Serve, set, spike, and "Got it" ... do these words mean anything to you? Well, if they don't, then you haven't been following this year's Varsity team. The Maidens could be compared to a family, and with Mrs. Modugno as team mother and the guidance of Coach Martin, the team achieved an outstanding record. The highlight of the season was defeating Louisville on their home court for the first time in eight years. Teamwork was the best quality that they possessed, and it showed in their playing. Their hard work, determination and unity led the Maidens to victory as Del Rey League champs once again.

Coach Martin and M.V.P. Jody Schwartz concoct the next winning strategy.

The Spike Of Life

Jumping off to a quick, successful start, the J.V. Volleyball team had a strong finish as well. Working together this young team, headed by captains Wendy Meslanka and Imee Macassaet, finished second in the tough San Fernando Valley League with a final record of 13-3.

Coach Sharon Coia was pleased with her team because the "girls had an extremely good attitude; helping and encouraging each other constantly." They were united off as well as on the court, having many get togethers throughout the season, arranged by team mother and father, Mr. and Mrs. Perez. This unity was a key factor to their success.

Enthusiastic Freshmen Keep Trying

As everybody knows, freshman year is that of a building year. Well this group of freshmen did just that. They learned to work as a team and have fun at the same time. "Our team has improved greatly," says Coach Kathy Luongo, "We have to be the most enthusiastic team at Alemany." Although their season wasn't as successful as they anticipated, these girls know that experience, determination, and effort are all that matters.

Stride With Pride

After a long year of wins and pains, smiles and strains, the boys Varsity Cross Country team proved they were more than just the new kids on the block. With the team almost doubling since last year it could only be taken as a sign to show others that Alemany was not going to sit back and listen to footsteps any longer.

They too, under the renowned coaching of Mr. Smith, were going to put their best feet forward and take many a stride with pride, ending the year with an impressive second place in the tough Del Rey League.

A Downhill Season

Due to a lack of runners, the JV cross country team posted a record of 0-6. It is a CIF rule that the team must have six runners to be eligible to win a meet. So, although disqualified the team coached by Mr. Randy Smith and consisting of Danny Dilzer, Bob Eichten, Ulysses Palrose, and Paul Cook set their goals and ran anyway. But for an unofficial team they did very well, concentrating on individual goals rather than a team championship. After the gun goes off the runners

round the first turn, cross-country becomes a lonely sport. An individualized challenge in which only those with discipline and desire can succeed. The Frosh-Soph team learned just how physically demanding this sport can be. Coach Bergez worked them hard, pushing them as they learned to push themselves. Coach Bergez felt it paid off too, remarking that "the team improved dramatically" making them good candidates for future varsity cross-country teams.

Varsity X-Country Takes The Bronze

Good as Gold, but getting the Bronze, the Girls X-Country team had an exceptionally good year. Placing 3rd in league, 6th in prelims and participating in over 6 invitationals, this energetic and aggressive team made it to the top with spirit and closeness among team members. Towards the end of the season, the team went to Woodward, Fresno and enjoyed one final overnight meet together.

The dedicated runners started conditioning in July and never hung up their shoes until the end of their season on Nov. 8th. Leading the team, was strong runner Margaret Barlog followed by newcomers, freshman Susie Smith and senior Julie DeVita. Mr. Smith said that "although these girls have improved since last year, they didn't improve enough to take league." "Old Faithful" Gushes At Alemany

Alemany students were surprised when Old Faithful moved from Yellowstone to Mission Hills, in front of school. This wonder occurred when a utility truck was backed into a fire hydrant by an anonymous driver. The hydrant erupted, reaching a record height of 40 feet.

1984 Is Leap Year...

Leap year occurs only once every four years due to the rotation cycle of the earth. It is special, adding an extra day, the Olympic Games, and the Presidential Race.

1983-84 said goodbye to the Valley girl and hello to the Mods. New music, UNIQUE haircuts and a style of dress all their own. Many fads passed thru — some hot and some not. Here are a few:

Continuing with the pace of the fitness generation, health spas and clubs opened everywhere. Aerobics classes were crowded, fitness books published, and aerobic cassettes were marketed. Fashions were created for aerobic dancers, including leotards and lightweight shoes.

Michael Jackson enjoyed the year when his album "Thriller" went platinum and he was HOT! "Beat It" was named best song of the year.

The movie "Flashdance" brought about new trends. In fashion, the cut sweatshirt look, worn off one shoulder became popular. Break dancing became more of a common skill, often seen on streetcorners.

Short, sleep haircuts again were the style, and Gumby and Pokey rose as new celebrities.

News Briefs

Colorado Senator Gary Hart made quite an impression upon voters as he had impressive gains in the Democratic primaries for Presidential nomination. Formerly considered an underdog, this dog will be a key competitor.

There were many questions surrounding the disappearance of Yuri Andropov, the Communist Party general secretary. His disappearance for almost three months was followed by the announce-

ment of his death. Konstantin Chernenko was elected as his successor.

Lebanon was the subject of much controversy in reference to the presence of American "peace keeping" troops there. The Americans, along with others did finally pull out.

Five teachers faced charges for sexually molesting 18 children, some as young as two, in a Manhattan Beach preschool. Investigators found that this abuse had been occurring for about 10 years, involving almost 100 children. All face from 156 to 18 years in prison or steep bail if convicted.

Winter

Olympics

The winter Olympics, held this year at Sarajevo, Yugoslavia, was the site of many success stories. Unfortunately, few of these successes were for the United States. We did not come away without medals however, and the promise of domination in 1988 was left by the younger athletes.

The biggest success story was "The Fastest American Downhill Skier" Bill Johnson. The 24 year-old confidently predicted his win, then proceeded to make good his word. His strong finish brought home the first gold medal.

American women also dominated in Downhill skiing, taking the gold and silver medals, and bringing home the first top medals to America in the women's competition. Also in skiing, veteran Phil Mahre took the gold in the men's Slalom competition.

Pranks: Symptoms Of Senioritis

A crippling disease has been discovered running rampant among Alemany seniors. No need for alarm — this disease is not rare and is fatal only to grade point averages. It's called Senioritis (Seen-y-r-i-tis). This is known to strike even the best of students.

Symptoms are: lethargy, lack of interest in classes, frequent ditching, poor quality of homework. The only cure is found on June 3rd — graduation!

Stanford Bound

At a time when most Seniors are worrying about what college to attend, Charli Turner does not have to bother. Why? — She's Stanford bound.

As of November, she signed her Letter of Intent and became officially accepted into a four-year, scholarship, based on her basketball skills and academic achievements (Turner is ranked as #3 in the class).

Michael Jackson was the hero of this year's Grammy awards. Picking up a record breaking five awards, in categories ranging from Best Song (Beat It), to Best Children's recording. It was the children's recording, of which Jackson was most proud.

The 1984 Presidential race seems to be shaping up like this in the primaries:

For the Democrats, the candidates are: Walter Mondale, Rev. Jesse Jackson, and Gary Hart.

For the Republicans, their candidate Ronald Reagan runs unopposed in the primaries.

New Faces In Old Places

The Freshmen entered, Alemany, as one of the biggest classes and their spirit was as big as their size. The Freshmen have definitely shown its ambitious attitudes. As they made themselves well known for their involvement and energy in numerous Alemany activities.

Sophomores always find themselves caught in the middle. This year's sophomore class was no different. They were no longer called "dumb freshmen" nor were they "big juniors". This was frustrating at times, but they did their best to overcome all obstacles.

With the help of their leaders Pres. Mark Baldwin, Vice Pres. Michelle Perez, and Ann Sensensein. And the sophomores made themselves heard at games, rallies, and student council meetings. With these special qualities behind them, they will certainly "get the gold."

Bloodmobile: Students Give Gift Of Life

Seniors Ed White and Dan Dilzer prepare forms for blood donors.

Two successful blood drives were held this year, in November and in April. Between the two drives over 200 pints of blood were donated — a good record for a small school.

The drives were organized by the Red Cross and Seniors Lisa Routolo, Renee Podrybau, and Wendy Stevens, all of whom took courses to prepare them for this involvement.

Donors had to be at least 17 years of age, must not have been pregnant in the last six months, must not have been in contact with the disease AIDS (Acquired Immunity Deficiency Syndrome). Donors must also weigh over 110 pounds and be in good health.

What's News In '84

— There has been much talk about the Presidents recent visits to and attempts at negotiations with **China**. A voiced "anti-communist," many saw Regan's relations as a possible political maneuver for his upcoming campaign. Yet after his return, Regan stated that he was still "anti-communist" but he saw more trade opportunities.

— Why are the **U.S. Marines in Lebanon**? President Regan tried to explain his position in a radio broadcast saying that the U.S. presence was to "prevent the Middle East from becoming incorporated into the Soviet block," protect oil supplies, and guarantee the "existence of Israel as a nation."

Winter Olympic Wrap

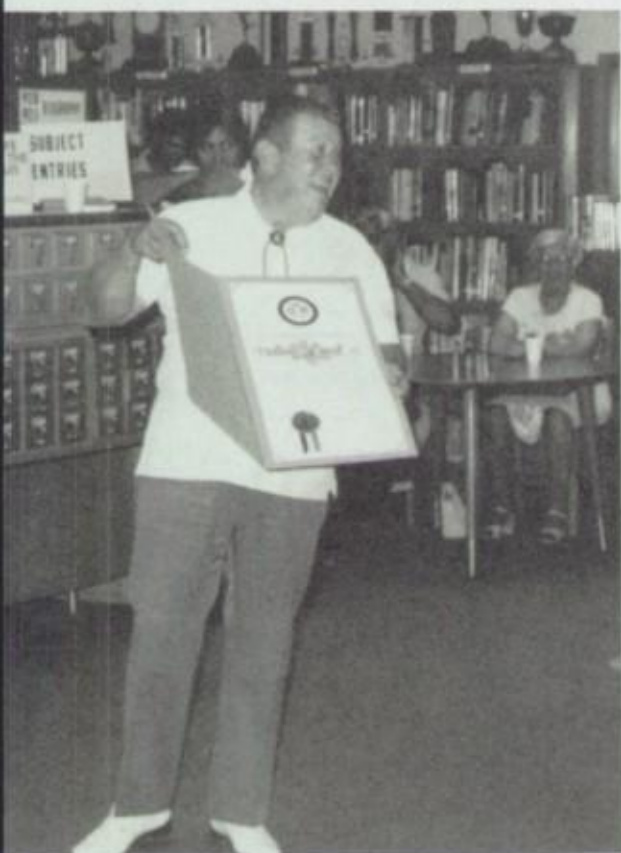

The Winter Olympics are concluded and new stars created. Disappointingly, there were not as many American stars as there were strifes. Many Olympic hopefuls came away short of their expectations.

Yet Americans were not without merit. We placed well in skiing events: Bill Johnson, Phil Mahre, and in the women's skiing events, Debbie Armstrong and Christen Cooper captured the gold and silver medals respectively.

In the skating competition, the brother-sister pair of Peter and Kitty Caruthers won the bronze; but the electric Scott Hamilton came home with the gold. Of the women's singles, Tiffany Chin charmed everyone with her skills.

Outstanding Students Win Scholastic Honors

Alemany was proud to have two of its students as recipients of this year's National Merit Scholarships. Seniors Emmy Eckel and Michele Beuerlein were two of the 1500 students awarded nationally — quite an accomplishment.

Scholarships were awarded based on PSAT/NMSQT tests written essays, and strong SAT scores as well. The girls were narrowed down to finalists and awarded \$2000 scholarships from sponsoring companies, for their four years of college.

A Farewell...

On Sunday, April 22, Alemany hosted a farewell get-together for Dr. William F. Connell Jr., who has been a teacher, guest speaker, and friend to Alemany for a number of years. Many old friends dropped by the library to wish him well in his retirement. He plans to return to Massachusetts.

"Doc" Connell cuts into his cake at his farewell party.

Election '84 :The Race Shapes Up

The Democratic convention is quickly approaching, but there is still upheaval in the party, trying to decide a candidate.

Although Gary Hart began well, surprising even himself with his victories, it looks as if Walter Mondale will beat the Colorado Senator and Jesse Jackson.

Mondale's supporters come from voters worried about the economy and who are impressed with his experience. Mondale recently completed a sweep of the industrial states, and his campaign is functioning mainly on the momentum.

Jackson's strongest treat to Mondale's campaign is his pull of the black vote. The California primary looks very important to the decision.

A.C.E. In Space

The A.C.E. Space repair company opened a new branch on the 11th shuttle, and after successfully repairing a damaged Solar-Max satellite, posted an incredibly steep bill to those at NASA. The repair of the satellite was one of the main missions of this flight, the other was to launch an 11-ton cylinder carrying experiments. But it was this repair that was considered an important step toward the development of reuseable spacecraft and eventual plans for a space station.

A Trying Season For Varsity

Under the reign of 1st year Coach Joe Anlauf, the boy's basketball team vastly improved from preceding years.

Although their record may not show it, you can just ask the Indian's opponents. Even though they did not make playoffs, they sure gave it a run for the money. Their downfall was losing a few too many close games.

They can hold their heads up, however, because they were competitive with some of the city's best teams.

The Key To Success

Improvement was a key factor to the J.V. Boys Basketball team. As Coach Carr said, "keeping stats was unimportant, as long as they played their hardest and learned new skills."

All the players improved during the season, but "Dr." David Swanson and Fred Dear displayed the most improvement.

"When we lost, it was a close game", said Coach Carr. Unfortunately there were too many "close games." Although finishing with a 2-10 record, they still had a productive season: they learned, enjoyed, and improved in the art of basketball.

Look Out World

Quickness, defense, and controlled tempo were a few of the attributes that Coach Carlson wanted his Soph. team to exhibit. Although they were only 2-10 in league and 2-13 overall, this team was better than their record shows.

This was no team of stars, yet it had such standouts as Mark Geyer, Gus Augustus, Chris Mouzis, and Dennis Mason. Coach Carlson believed that they had the potential to be very good. With this in mind one cannot help but think that the basketball program is in good hands.

No Where To Go But Up

There was no Gold for the Freshman Basketball Team this year, as their season record of 3-9 was nothing to be impressed about. Of course the players did there best but were simply over powered by superior teams. Even with the excellence of Coach LaFear who taught them the basic basketball skills they were unsuccessful in utilizing these skills needed for a winning season. Hopefully next year with more practice they will find the right combination.

Maidens Share The Gold-Again

Have you ever noticed that there is always one team at Alemany that constantly succeeds. It seems that the girl's basketball team, no matter who has been lost to graduation, is always in the running for the league crown. This success can be explained by two key elements, hard work and superb coaching. Led by Coach Graziano, the Maidens claimed their 13th first place finish in a row. Strong players have not hurt either. With a starting lineup of SFV League MVP Charli Turner, Ilene Hauser, and Jody Schwartz, who wouldn't win? Next year the team will lose a few players, but out there some future star will appear and lead the team to victory once again.

Determination Is The Key

Determination. When you hear this word, many things can pop into your mind, but for the members of the Varsity Soccer Team, determination meant never give up. Led by Coach Jay Plyer, the team finished the season with a record of 8 wins, 5 losses and 6 ties. Although their season was not what they had expected, the talented members of the team worked to win and never gave up.

Girls Soccer Has Tough Luck.

Kicking off the season with a win against Chaminade, this years Girls Varsity Soccer Team did remarkably well. Teamwork led the girls to tie for third place. Star players Lori Porto and Tina Schaeffer, helped the team achieve their goals. We're looking forward to seeing them again next year.

What is full of muscles, comes in a variety of shapes and sizes, spends most of its time on the floor, and walks around with matching sweatshirts and a crew-cut? Why an Alemany wrestler, of course! This strong group of men, coached by first year varsity coach Matt Reibsam, his brother Chris, and another alumni Robert Valery did very well individually as well as a team. Voted as the most outstanding Varsity wrestler, Pete Waschak had an outstanding record of 26 wins and 2 losses. Another strong finisher Dave Warren, who holds the record for

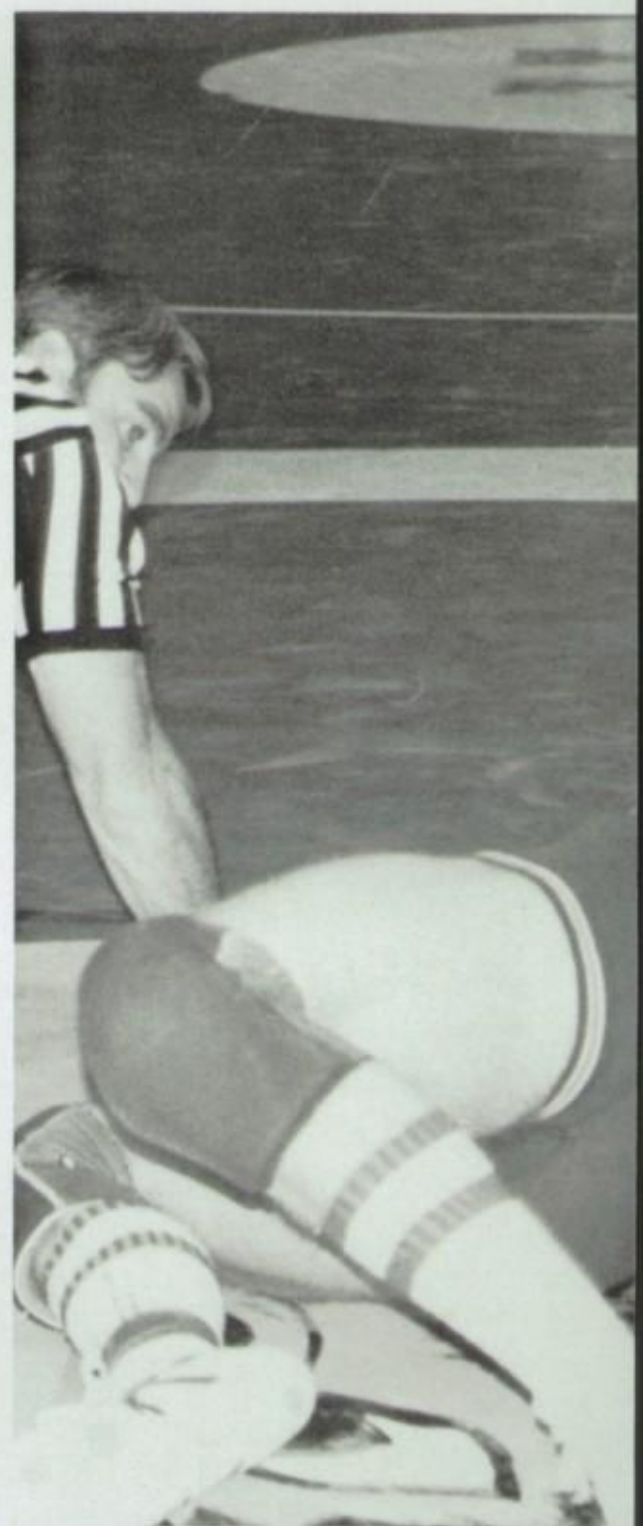

the seasons fastest pin, (12 seconds) also had an impressive record. With 23 wins and 7 losses, he finished 1st at CIF Free-Lance and CIF 1-A Finals. Two others who did especially well were Kurt Miller who was voted Most Improved as well as Most Inspirational, and Al Villalobos with 15 wins and 5 losses. Although Ricky Rosalas didn't complete the season due to injury, he proved to be the Jr. with the most impressive record: 15 wins and 2 losses, and placed 1st and 2nd in 4 tournaments.

JV's Learn "Team Work"

No matter how many wins or losses, the JV wrestling team learned that teamwork is two words: team and work! Not only did they compete as a team, they worked hard at individual goals. Running, lifting weights, practicing maneuvers; . . . endless practicing. By working them, coach Matt Reibsam gave them a taste of sweat and hard work. Although the team did not finish well as a unit, (they were one-five), many made impressive individual efforts such as Mike Mihalovich who was named "most improved."

Freshmen, Amy Eckner received first place for her interpretation of "Please, God, I'm Only 17", Kathleen Melch took second place with her interpretation of "Diary of a Monday Dieter" and Pola Galan, president of the speech club, won third place for her "My Son, The Prince" speech. Three music critics judged the performances and awarded 52 superior ribbons to the department and 15 excellent ribbons to individuals in the band. Members of the Schola Cantorium, Alemany Singers, and the Stage Band also received high recognition from the judges. All performers were allowed to play solos in the Winter Concert held on March 14.

They did everything from answering phones to patrolling the campus with the deans. Students, on the other hand taught classes and were graded according to their teaching ability.

This was just one of the many activities of the '83-'84 Student Council, under the direction of Kelly Nadeau. Other accomplishments, such as, Powder Puff, the Valentines Dance and SADD week added to the Gold Medals of our winning year.

Alemany was shocked by the sudden death of its beloved bookkeeper, Mrs. Idonna Harrod. Her warm smile and hearty laugh made the tuition office an especially friendly place.

She gave many years of service to the school, working first in the bookstore, then becoming bookkeeper. She made many friends who will long miss and remember her presence.

Mrs. Idonna Harrod and her grandson, Zachary.

Problems? Problems? Problems? Everything from check books in the red all the way to trigonometric derivatives are solved daily by the Einstiens in the Math Department. Classes from business math to the new computer program prepare students to tackle the problems of today and the future. So if you find yourself falling behind . . . Remember your days are numbered.

Questions Of Time

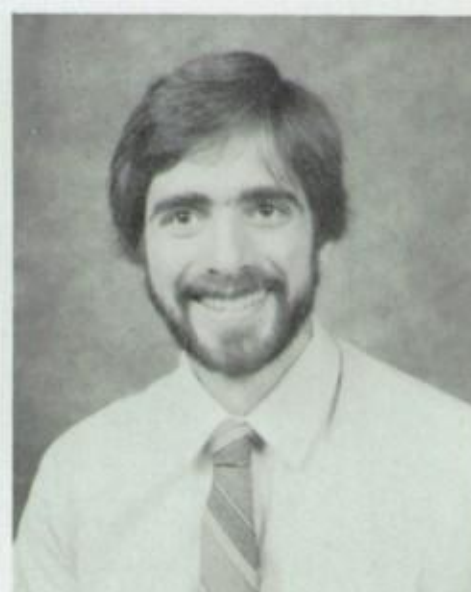

Who? What? When? Where? Why? How? These are the questions that have troubled the minds of men and women throughout history. The range of classes in the Social Studies Department can provide the answers to these queries. Covering everything from, Who crossed the Delaware? to Who is running in the 1984 presidential election? helps us to explore the past, the present and the future.

God's Trainers

Are you there God? It's us Alemany! We just wanted to thank you for those great teachers you sent us. You wouldn't believe the things we're learning! Not only did we brush up on our sacraments, as the girls found their place in "Christian Womanhood," but we've even been put on a basic training program on how to handle life.

We've done everything from adopting families to parenting uncooked eggs (forgive us for refrigerating the "kids" during football season.) Well God, we've got to go now, so keep up the good work.

Have you ever wanted to take a trip to Spain? Does French mystique intrigue you? If you've answered "yes" to either of these, then we've got the place for you. Not only will you learn the language itself, but also of the land and its people. So, join up now and take a mental journey to a foreign land.

Elements Of

What does it take to reach the finish line of that race toward English perfection? Getting in shape consists of writing several hundred essays, reading twice as many poems and taking an infinite number of vocabulary tests. For practice, we train in classrooms discussing stories and novels that only the teacher can hurdle. And then, at the moment of truth, we take all the prefixes, personifications, pronouns and predicates and use them to pull out in the stretch. Then when the race is over we stand on that platform waiting for those golden cliff notes to be hung around our necks.

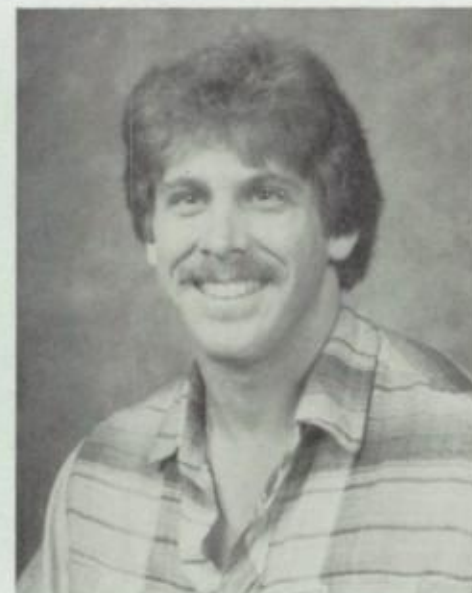

Mr. Tarr demonstrates the "practical art" of teaching.

Perfection

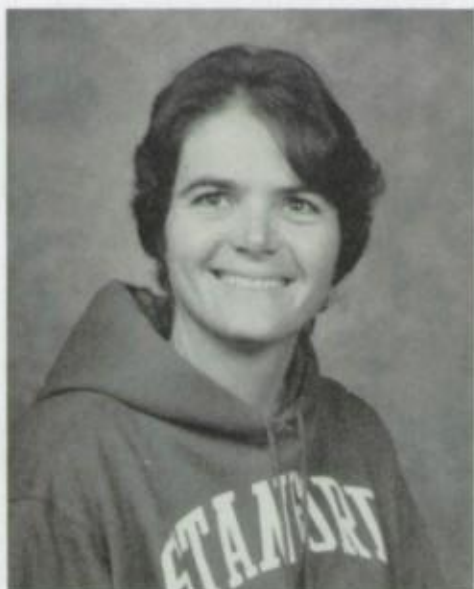

To be a champion, a person must have just the right Chemistry. And the right Biology. And the right Anatomy. Chemically speaking, just the exact elements must also be combined to create a perfect student. With firm determination and the will to succeed, teachers help students to build DNA models, dissect pesky rodents, and to create new and unknown substances. As a result of this hard, but fun work, students discover all facets of the field of science.

Champion Trainers

Have you ever wondered how our athletes could be so talented? Well, they don't succeed alone. It takes a lot of encouragement, support, and training from our dedicated coaches. Coaches encourage them to strive for excellence, support them when they go for the gold and train them to be champions. These men and women teach the strategies, practice their plans, and reach their goals, by remaining patient through the tough times. These coaches are the backbone of our champions!

Coach Zeller relives the moment.

Questions And Answers

Do you have problems sleeping because the mere thought of college gives you nightmares? Does the thought of actually finding the right book make you dizzy? Never fear, the courageous counselors and librarians are here. "Help!" is their battle cry. All of your problems can be solved with a little guidance from the College Career Center. While the counselors help you find your future, the librarians help you find your past. Sometimes all we need to go for the gold is a little push in the right direction. After all, the goal of the Counseling Department and the librarians is to see us reach ours.

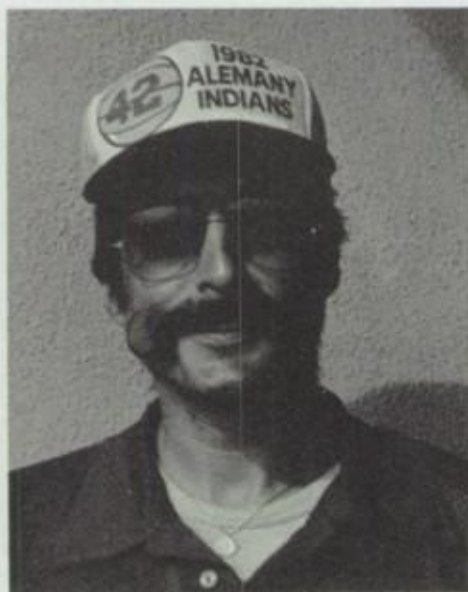

In Memoriam . . .

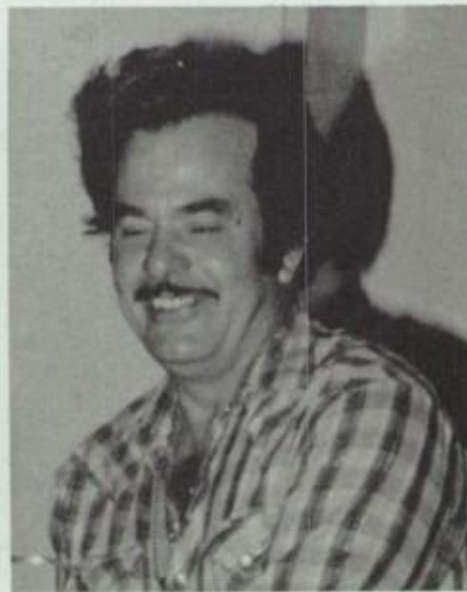

Aleman High School was saddened by the loss of a familiar face, that of the school Librarian, Catherine Mc Laughlin. Mrs. Mc Laughlin served Alemany as a History and English teacher for many years, then she became the school librarian. Mrs. Mc Laughlin loved working at Alemany and her greatest joy was helping the students. She will be missed and remembered.

Did you ever take a minute to really notice our campus? Without the hard work and dedication of the "Ground Crew" our campus would not be the attractive one it is. They pick up our "little messes" and provide us with a park-like quad. Thanks to them, we can take time to smell the roses during our High school years.

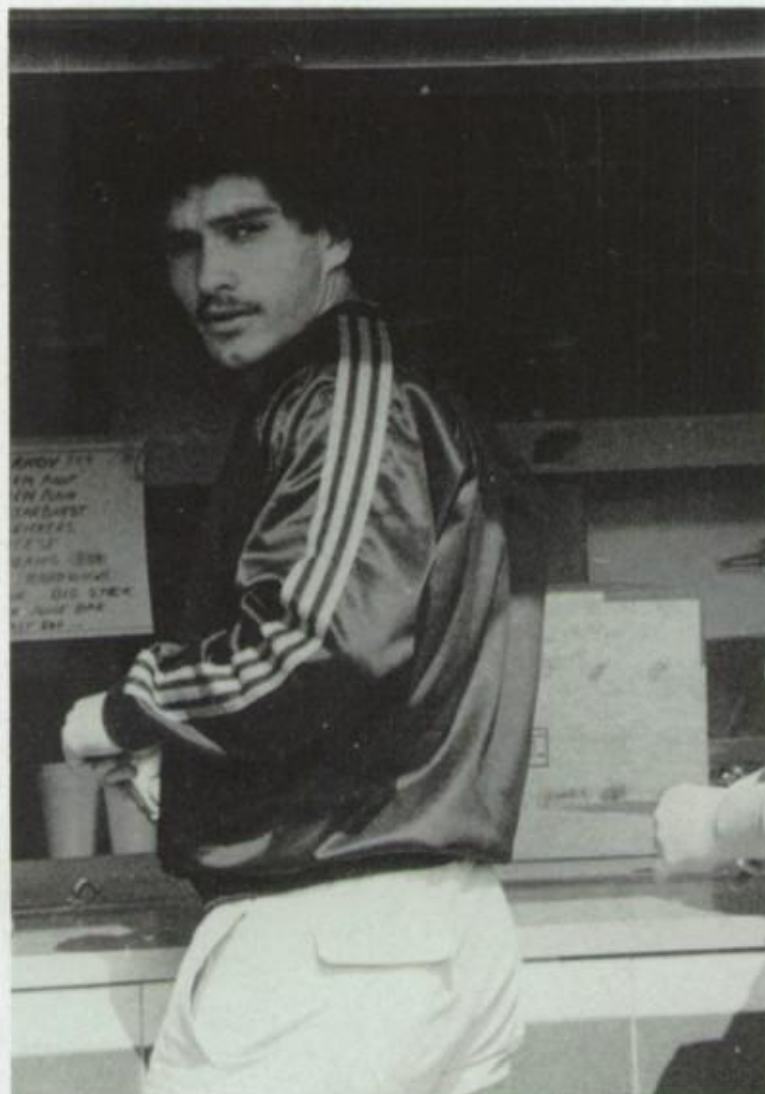

Seniors

Class Of '84

When an Olympic team strives for the gold, it takes unity, concentration, enthusiasm, determination, and many years of hard work. High school is much like "Going for the Gold". At the beginning, we're a little bit nervous-not sure of what's ahead. Soon, we become caught up in the spirit of working together-determined to make those years of hard work count. Learning and training-striving for that cardinal and gold tassel at the ending ceremony . . . graduation. As we stand at the platform to receive our diplomas, just as Olympic trainees receive their medals, we can look back with tears of pride at the obstacles we overcame and realize that all of our hard work and perserverence was worth it. We made it and we can be proud — we're the class of '84!!

The Great Entertainers

For the purpose of educating students who are interested in the fascinating field of entertainment, the Drama Club gives students real life training.

The club visits various theaters across the Southland to see their favorite actors and actresses perform and to learn tips about their personal entertainment skills. These skills are then incorporated into their performances, which enhances them greatly.

It's Called Close Up

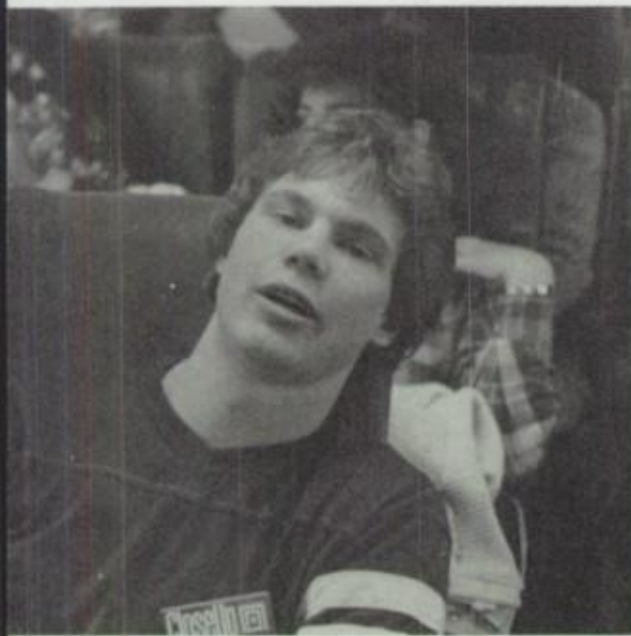

On Febuary 18, the Closeup group, led by Mrs. Rebecca Gemma, climbed on the plane headed for Washington D.C.

Close up is a studies program in which the participants visit Washington D.C. for seven days, for the purpose of young people learning more about the government and how it works. They attend seminars and witness Congress in session as well as enjoy the beatiful city.

Although they meet with a fistful of problems; overcrowded rooms, stolen plane tickets and terrible food, the seventeen students, which I was a part of had an unforgettable time.

Under the direction of Miss Maureen Martin, the Pow Wow staff put out an issue every month, throughout the school year. Strong leadership was provided by the editors; Todd Weber, Christie Thanstrom, Donald Dionne and Robert McGonigal, who guided the staff through each issue.

The young journalists gave thorough coverage of most campus activities and provided the student body, faculty and parents with an informative and entertaining newspaper.

Making School . . . A Full Time Job

Turning a six hour school day into a full time job is common for the members of the California Scholastic Federation and the National Honor Society. These accademic high achievers put in long, tedious hours to obtain their 3.0 or higher G.P.A.'s.

These organizations under the moderation of Mr. Steve Nelson, have given much of their valuable time to help tutor students in areas of difficulty, and also serve as tour guides at the open house given for incoming freshmen. These students are evidence that hard work and long hours lead to success.

Lettergirls Get A's . . . For Achievement

A new breed of lettergirls have arrived. Moderated by Mrs. Sharon Coia, Alemany's lettergirls have shown us that they are more than just the M.V.P.'s of their teams, but they have shown a kind act of charity, by putting on Alemany's first T-shirt sale and then donating one-half of the proceeds to next years Exceptional Childrens Dance. These gold medal achievers have shown us the talent and generosity that gives them their A's for achievement.

Stacy Smith & Mary Ann Tomkavicz unite in friendship.

Energetic Mrs. McClung feels this is an experience she'll never forget!

"What could be so hard about performing a few dance routines?" That was the thought of the Drill Team moderators, Mrs. Alma McClung and her daughter, Sue Rodriguez. In order to entertain us with their rhythmic routines, the team members dedicated themselves to come 4-5 days a week for 2 hrs. They practiced with the band early Friday mornings; they even went to camp over the summer. "99% of the time they gave full cooperation," explains Mrs. McClung, "We couldn't have done it without the help of the staff and especially Mrs. Sue Hamre. She also didn't expect so much work was involved because there were so "many hurdles to get over, but (they) did it!" She sums up the year by emphasizing that "the Drill Team is here to stay & will get bigger and better each year."

Support & Spirit Made It Great

Which groups add to the common reputation of being the "peppiest" crowd entertainers of history? Why, the Mascot, Songleaders, and Cheerleaders, of course. These girls dedicate themselves to excite the crowds, while simultaneously supporting our teams. They spend many hours figuring out new ways to keep the crowd spirited in order to give our teams even more support than ever; And we have to admit, these peppy people have really made this year great.

The J.V. Cheerleaders take a break from the crowd to catch some sun and have a usual cheerleader chat.

The Varsity Songleaders "ham-it-up" while they pose for pictures during the Homecoming Game half-time.

The Varsity Cheerleaders and Songleaders show they're number one as they gather in unity!

After another victory, Jill jumps for joy!

Paige Hagele, Nicole Criona, and Monica Salazar steal the heart of Mr. Fireman.

The Freshman cheerleaders add to our goal of being united in spirit.

Jack Werner concentrates-not only on his music but on marching the right way.

"I'm not marching this whole field tonight, am I?" mumbles Scott Viesselman.

Proud To Be Marching On

Our proud marching band showed their musical talents, while the colorguard entertained us with their eye-popping routines. Together, they marched on football fields during half-time; added extra enthusiasm to our spirit rallies; and even woke us up as we got to school by practicing by the student parking lot. The students involved in these activities keep us alive in "spirit" and are all proud to keep "marching on."

Going For The Goal—D

When a team's season starts, goals are set high. For the 1983-84 *Recuerdos* Staff, the goal was to turn out the best yearbook possible. With the nagging of moderator Mrs. Caroline Wheeler, and co-editors Tom Silvas and Darlene Kissman the goal was within reach

Sometimes, especially on deadlines, they felt this goal would be out of their grasp. But they lumbered on and turned out a book hopefully worth its weight in golden memories.

Darlene Kissman and Tom Silvas confer about plans for deadlines.

Stretching The Vocal Cords

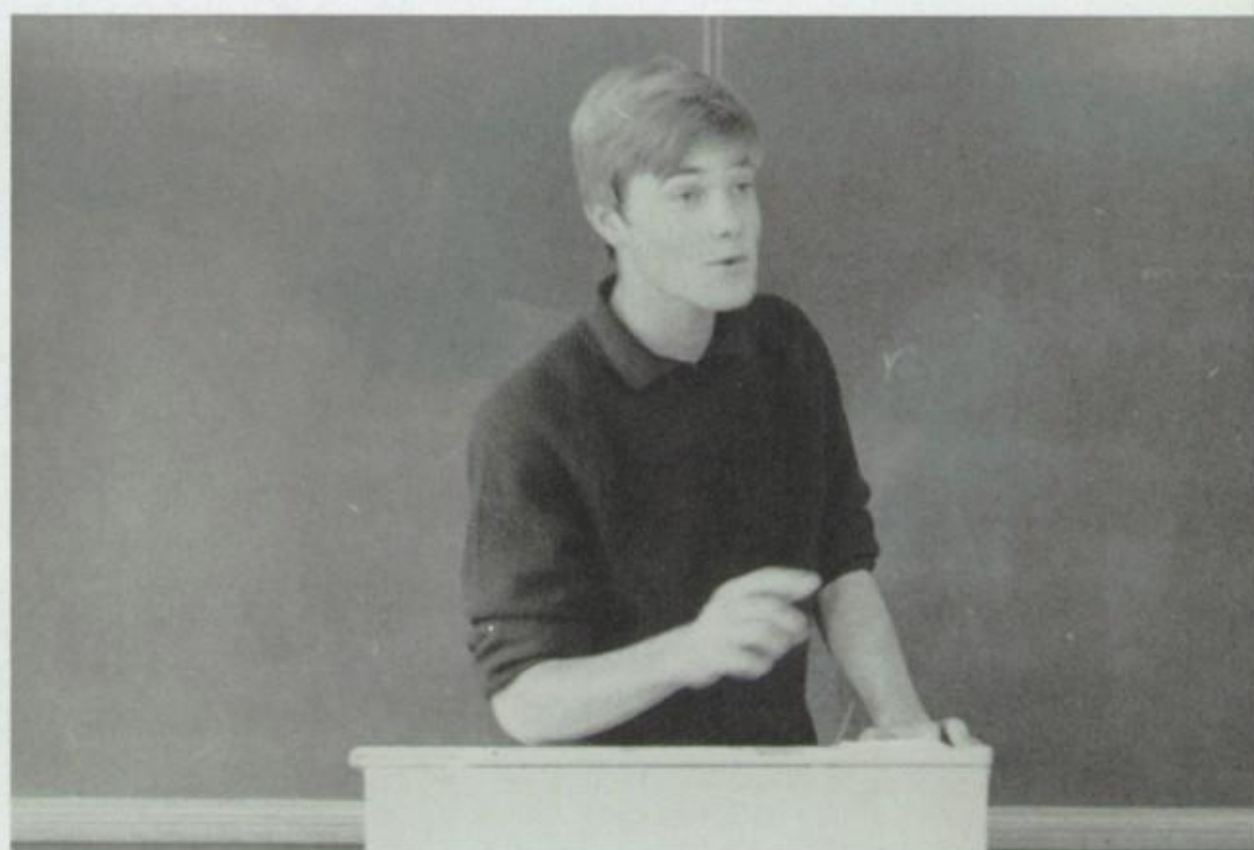

With loud voices, good points, educated answers, and guidance from Mr. Ron Bergez, the Speech/Debate Club left its mark on other school's teams. Stirring victories were achieved by Mike Maddigan, Pola Galan, Kathleen Melch, and John Murillo in such Categories as Debating, Public Speaking, and Impromptus. This sets the issue straight that Alemany has the best speakers around.

We Write The Words

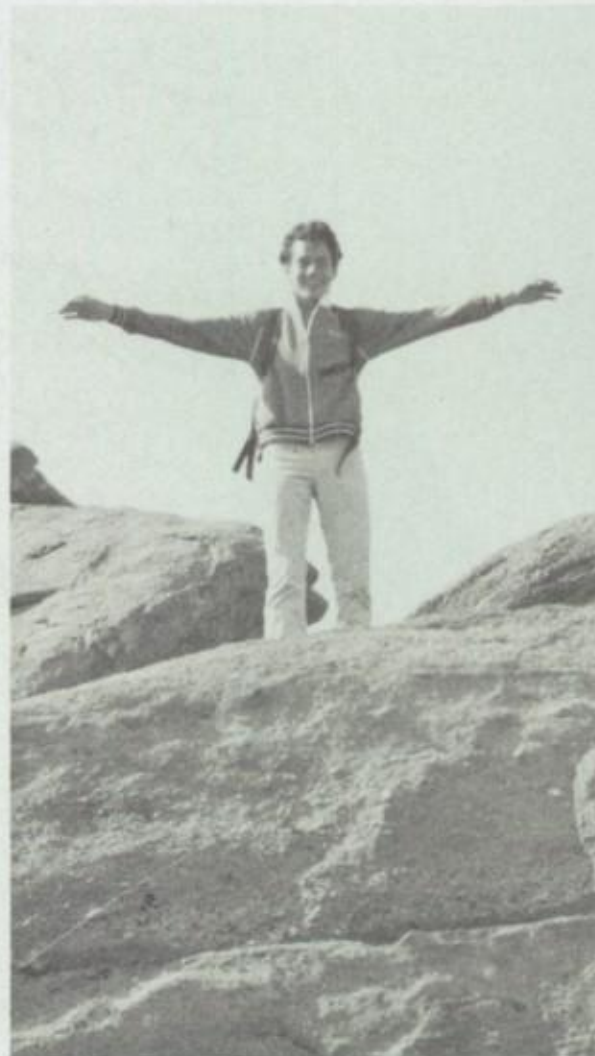

The Writer's Club was an experiment that proved to be a success. With the careful guidance of moderator Mr. Jaime Mendoza, and with such accomplished writers as Julie Coscia and Margaret Barlog, the Writer's Club put out a publication that started them off on the right foot. This is one experiment that was worth making.

Front: D. Sotero, J. Coscia, D. Hehman, R. Bales, J. Arebalos, 2nd row: Mr. Jaime Mendoza, C. Mazboun, M. Barlog, T. Delia, N. Goralski.

Walking The World

In a world of cars, computers, and cable TV, it's a refreshing experience to get back to nature. With the help of moderators Mr. Vincent O'Connor, and Br. Kevin, the Walking Club did just that. They drank out of canteens, ate beside campfires, and also sang at night. They found the perfect way to get away from the hustle and bustle of life.

"Look at me, I'm Superman"!

Br. Kevin keeps a watchful eye over his troops.

Skiing: An Up Lifting Experience

With the anticipation of a snowy year Alemany decided to take a part in the winter wonderland by starting a Ski Club of its own. Under the moderation of Mr. Jim Kentris the group set off in leaps and bounds. After much investigation a travel agent was found who gave this group resonable rates that sent them all the way from Utah to Steamboat Springs, Colorado. The members ranged everywhere from Bunnyhill slope skiers to Olympic hopefuls.

In any case all those who participated found it an uplifting experience and with much luck and hope will once again be hitting the powder next snowfall.

The ski club takes it easy after a day on the slopes.

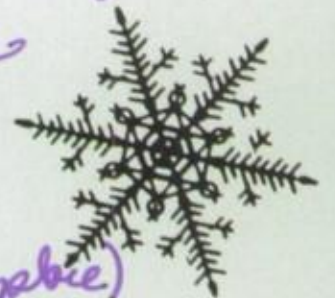

Laryssa, you are such an air-head, but that is a.k.a. I love you just the same. You are a great friend and for the preterat girl at school, wish we could all gather closer but there is still time! Don't pass up this chance!

The club reached a climactic peak with a week dedicated to their cause ranging in activities from guest speakers to the distribution of buttons and key-chains proclaiming their theme "Friends don't let friends drive drunk." Through the hard work of these students Alemany became acknowledged as a chapter of the National S.A.D.D. Association.

Girls Make A Big Splash

From the beginning of the season, both the coach, Jeri Beneduce, and the team were hopeful. Some old faces were kept, but the team saw many additions and a lot of the new swimmers were very experienced. The season opened with a terrific surprise as Alemany beat Louisville, a team they hadn't beat in many years. With expectations still high, all varsity swimmers were sent to league finals where Alemany placed third against its competitors.

With a 3-2 record, this year's J.V. Girl's Swim Team had a good season. Not only did they do well against CIF Teams but they went on to Finals and were successful. Improvement and dedication were the reasons for their success. As Coach Beneduce said, "This year's team gained a lot of experience that will help them in years to come."

Their impressive record, 5-1, displayed the determination and skill that this young team possessed. Varsity Baseball In A Horserace

At the sound of the gun, this year's Boys Varsity baseball team was off and running. But once they got into their season against powerful teams such as Notre Dame and St. John Bosco, they stumbled and dropped back into fifth place. However, with the help of strong hitters like Alex Vasquez, Andy Cutchall and Chris Zavatsky and efficient fielders such as Mario Sottile and Kevin Wittke, they did remain competitive. Even though they didn't have the best record, they did give it a run for the roses.

Rumor has it that our J.V. Baseball Team spends its time swinging at old tires. Maybe I'm mistaken, but the last time I checked out a baseball practice, I saw them hitting baseballs . . . and hitting them hard!! Well, I guess it all goes to show you that with a little determination and a lot of hard work, you can not only win games, but have a lot of fun as well.

1984, the first year in school history the golf team won the Del Rey League Championship! This strong group was led by a threesome of Seniors: K. Patrick Boyd, Todd Zinni and Tim Hogarth. They finished their season with an impressive record of 11 wins and 0 losses, and also advanced to the C.I.F. team championship's where they placed very well. K. Patrick Boyd finished second in the Del Rey League Championships and went on to the C.I.F. Championships. Mardi-Gras

Mardi-Gras at Alemany became a two-day celebration thanks to the hard work of Junior class president Donna-lee Davis and a large crew of volunteers. On Friday night many Alemanians, friends and families attended the festivities which included game and food booths run by various campus classes, clubs and organizations. Later, students danced at a soc-hop held in the gym and hosted the disc jockey Pineapple. The festivities continued on Saturday and were enlivened by a performance of the band and drill team and a soc-hop held just for parents which concluded this memorable, fun-filled weekend.

Disc jockey, Pineapple, hosted music from four o'clock until the band Long Distance took over the state and played until the dance concluded at midnight. Free tee-shirts and spaghetti dinners were given to those who brought in donations of ten dollars or more.

Special thanks were given to Alemany by the Leukemia Society.

A Moving Experience

Retreats

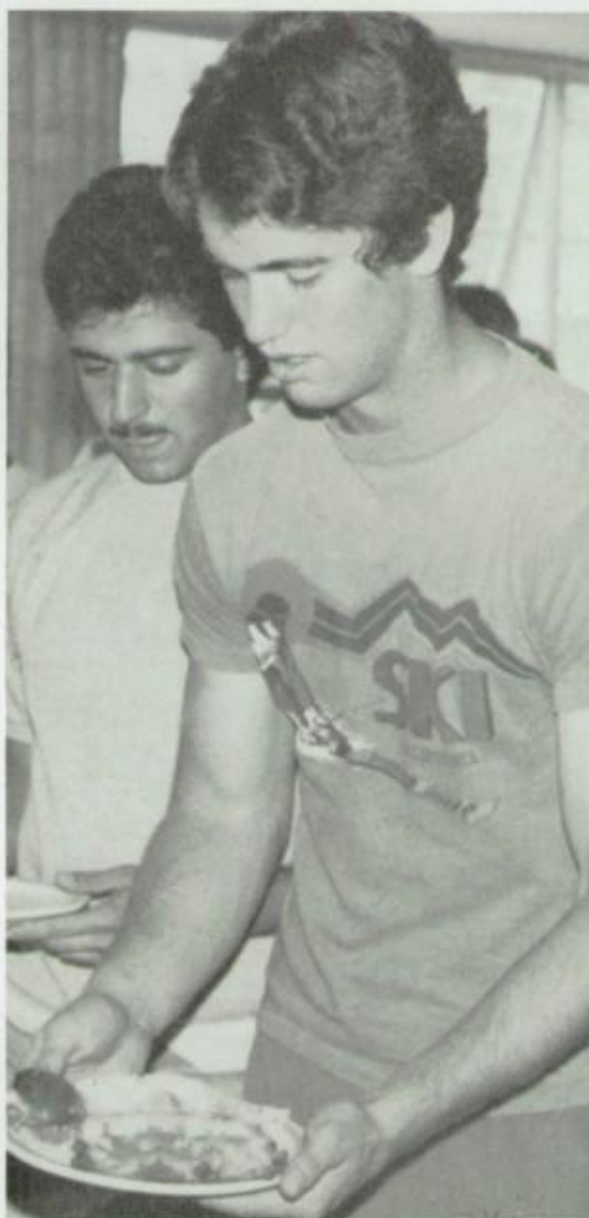

The 1983-84 Alemany Retreat program has been one of great success. With the direction of Sr. Elizabeth Anne, these retreats have grown in their purpose to teach the students of Alemany to take a look into their inner selves and to help them understand their faith in God. The Kairos Retreat, held at St. Mary's Seminary in Santa Barbara, was hailed by the students as one of the most moving experiences of their lives. Sr. Liz described the retreat program as an experience of Christian Community with a series of talks given by a team of youth and adults; prayers and the sacraments are an essential part, as well as the participation in discussions and various group exercises.

Silent Retreats were also offered in Manresa, where small groups of 12 to 16 students spent 2 ½ days in silence and intense inner reflection.

At Valyermo, students have fun while sharing and learning more about themselves, others and God.

Powderpuff Returns

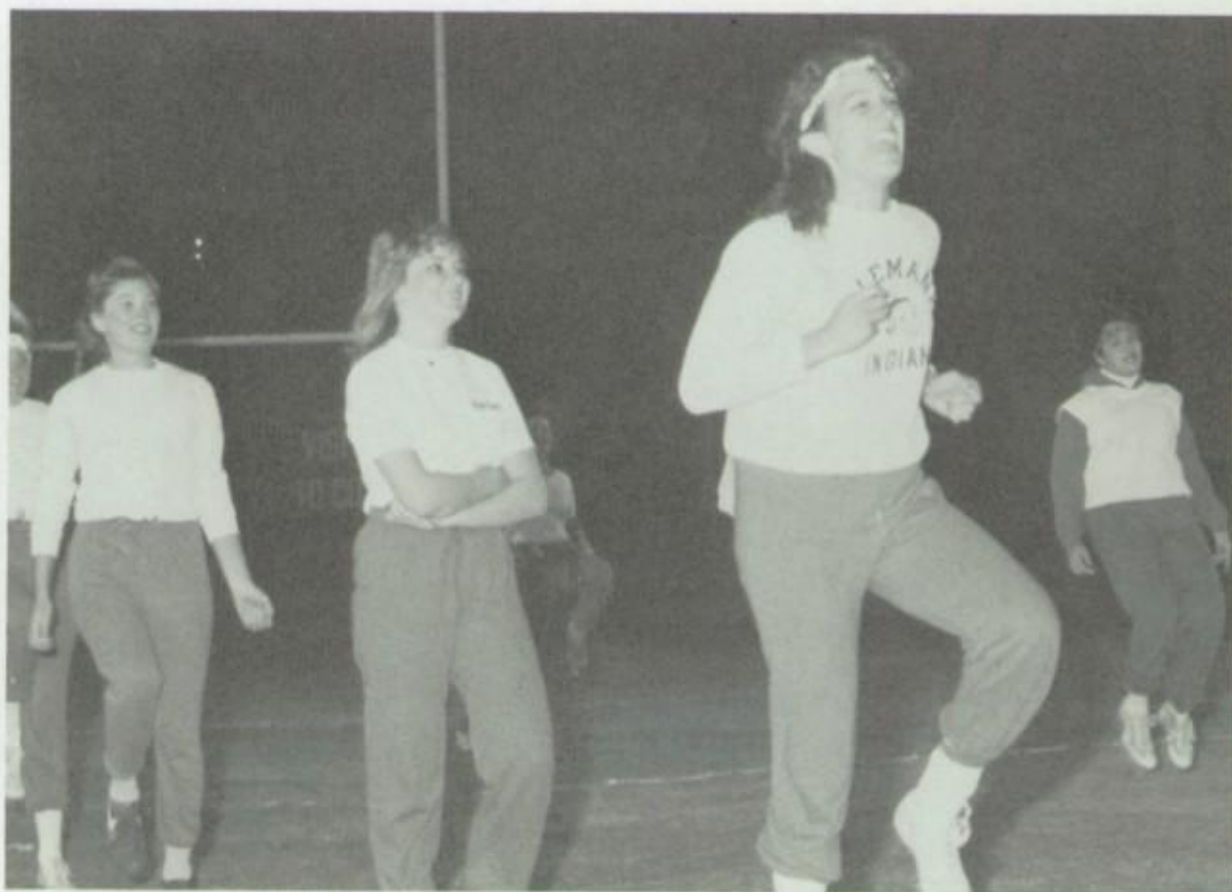

After a four year absence Powderpuff football returned. It was a wacky evening with parent coaches, mother drill team, boy cheerleaders, and of course girl football players.

The prelims were held on Sat. March 31, with the seniors annihilating the sophomores (26-6), and the juniors dominating the freshmen (8-0).

The finals were held April 6, with the sophs crushing the frosh (18-0) and the seniors capturing the championship by defeating the juniors (28-20).

Senior Charli Turner was named Most Valuable Offensive Player, Junior Nancy Garcia, Most Valuable Defensive and senior Cris Cerulle for Most Valuable for the game.

Anything Goes

When has there ever been a play as much fun to watch as "Anything Goes"? The cast playing to sold out crowds was nothing to this group of veteran actors as they amused the audience with a cruise comedy of the 1930's.

The cast ranged from the swinging Sherri (Reno Sweeney) Macoritto, to the ignenue Lisa (Hope Harcourt) Reliford, and included Richard (Billy Crocker) Ramage, Ravi (Moonface Martin) Ramachandran, Lana (Bonnie) Wilson, and Michael (Sir Evelyn Oakleigh) Maddigan. June 2, 1984 at De La Salle, was indeed the end of a fantastic four years at Alemany High School. Yet, it was also the beginning of a new life for Seniors. Seniors gathered in their caps and gowns to attend their last mass together. The mass was concelebrated by Fr. Blaire, Fr. Moore and Fr. Argue. Graduation Day, June 3, 1984 at College of the Canyons, was certainly the day that Seniors had definitely been waiting for. It was a hot 85 degrees but even though, parents, friends and relatives filled the stands to see the graduates. Valedictorian speeches were delivered by Charli Turner, Emmy Eckel and Michele Beuerlein. They focused on the past, present and future of the Class of 1984. The highlight of the ceremony was the time when each Senior received their diploma. At the close of the ceremony Monsignor Gary Bauler gave his closing remarks and best wishes to the Class of '84, and with that we went on to discover what the future holds for the Class of 1984.

The Future In The Making

Every race must have a starting point, and for all those who ran for student body offices - the ASB Convention on May 9 was just this. While seniors enjoyed a day off, the underclassmen participated in democracy in action. Homeroom delegations worked with the four party leaders - Pete Ferry, Lino Murillo, Dianna Schwedhelm, and Margaret Zarnosky to form party platforms, for their candidate to support. Mike Maddigan was nominated to the Iroquois Party on the first ballot, after he and the other candidates - Lynn Boland, Donnalee Davis, and Joe Orr made speeches to each party. Campaign week followed, and soon Mike Maddigan and John Murillo were the new ASB Pres. and Vice-Pres.

Spring Fever

It's in the air and it's catching. It is that condition that makes students and teachers gaze longingly out the window at the sunshine and urges them to go swimming in the surf.

But victims of this condition cannot be held responsible for their symptoms — it is just that time of the year. Ninety degree weather, a new stock of summer clothes in the stores, and Daylight Savings time all coax them into ditching classes, donning shorts and avoiding homework.

HANG ON GUYS — Summer's coming!

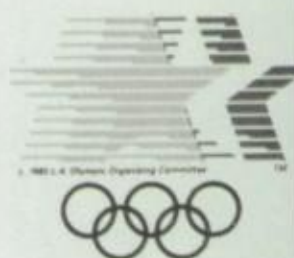

Sam the Olympic Eagle is the mascot of the 1984 Games. He embodies the Olympic ideals "Swifter, Higher, Stronger."

The Olympic rings traditionally symbolize the union of athletes from the five continents. The colors red, blue, black, yellow, and green are found in the flag of every nation.

The star in motion is the exclusive logo of the 1984 Games. The 13 horizontal bars portray the speed of competitors and refers to the 13 original colonies.

Getting Ready For The Summer

The XXIIIrd Olympiad: Los Angeles 1984

Since 1896, the Olympic Games have been held every four years (except during WWI and WWII) in locations around the world. The Olympic games include both summer and winter celebrations.

The modern Olympics are a continuation of the ancient games which began in Greece over 3,000 years ago. Though they initially featured compe-

titions for men only in ten different sports, today the modern summer games include a program of competitions for both men and women in over 20 competitions.

Traditionally, the Olympics are a chance for amateur athletes to compete with other nations and to reward the physical agility of these people.

Soviets Threaten To Defect From '84 Games :Other Soviet Bloc Countries To Follow Suit

On May 8th, Soviet officials announced the withdrawal of all its athletes from the summer games as protection against the "anti-Soviet Hysteria" in the U.S. Soviets claimed that they had no choice because of "extremist organizations and groupings of all sorts, opening aiming to create 'unbearable conditions'" for their athletes.

White House officials say that fears are groundless, and are sure that this is probably not their "final word."

LAOOC head Peter Ueberoth was dismayed by the decision remarking that we were "paying the price for 1980," when President Carter boycot-

ted the Moscow games.

Other communist-bloc countries such as East Germany and Czechoslovakia and some third world countries are expected to defect as well.

It is a sad occurrence for these amateur athletes that politics must enter into the competitions. It used to be that the world set aside all differences to hold the Olympics; now it is that the world sets aside the games to hold on to their differences. It is especially sad for these countries and Russia because they usually take the majority of medals, and this is a rare chance for the smaller countries to compete, succeed, and excell.

Looking For A Summer Job?? Sam The Olympic Eagle Wants You!

For any of you students who may be looking for a summer job, the Olympics need good help and have many to offer—some with direct access to the events.

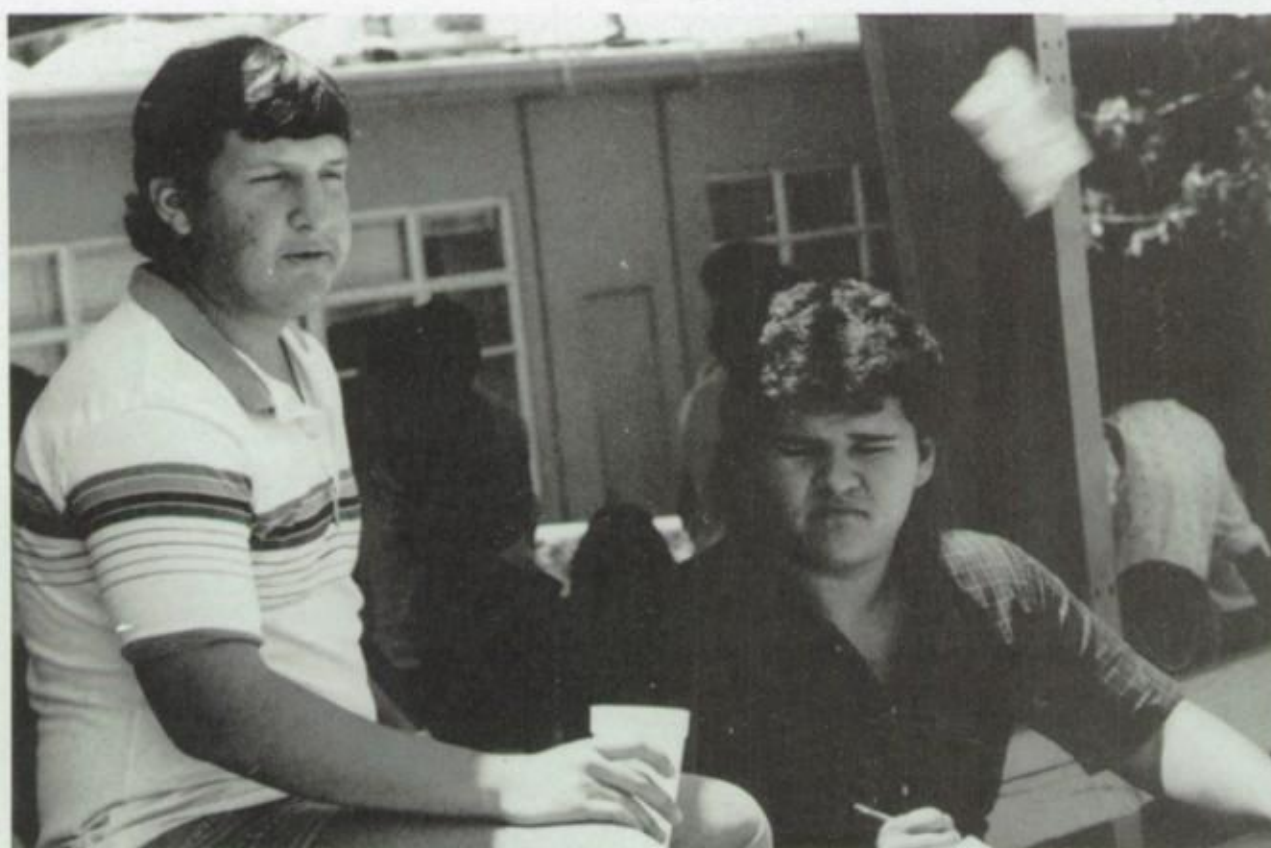

Both paid and volunteer jobs are offered: paid security, transportation, or food services. Generally speaking, it is the volunteer position which has more desirable assignments and direct access.

You can apply at the Olympic staffing center, located in Westwood.

The Closing Ceremonies

Another year has slipped away and become a memory. Friends and family, triumph and tears, we've experienced them all. Our graduates will move on to new challenges and we all will encounter new and more demanding positions.

New challenges call for renewed effort and we must always answer the call, for in answering the call to higher challenges we are striving for the best — going for the gold.

During lunch one must always beware of flying potatoe chips, Anthony Adams and Ricky Rosales find an ant.

Two happy seniors, Laryssa Hauswauld and Melinda Holtz, share one last hug.

The Alma Mater one last time as demonstrated by the "ingenius" class of '84.

"Nothing beats being treated like a king," says Donald Dionne.

"You've got to learn to be tough!" Rosa Mena advises Sara Jones.

Heather Viesselman and Wendy Stephens celebrate after getting A's on their tests.

"Come on and join me!" yells Jenny Collette

"You want a balloon too?" sighs Mary Ann Thomas.

Donald Dionne sweeps Michelle Muir and Sue Morris off their feet.

Cindy and CeeCee are speechless after an exciting time at the Mardi Gras.

Matt Prasner sets his own trend of mens night-wear.

Michelle Beurlein giggles as her date whispers sweet nothings in her ear.

Bill Bogna gives Sue Fox a friendly hug.

Ricky Rosales tries to grasp the concept of DNA before next period.

All league running back John Mattson getting attention to a strained knee.

Getting the kinks worked out of wide-receiver Mike Bennet's lower back.

Our Thoughts to Thomas Michael Silvas

We are thinking of you today
because we love you and wish you happiness.
We may not be able to tell you this every day,
because we may be far away
or we may be very busy.
But that makes no difference
Our thoughts, wishes, and love
will be with you just the same.
Whatever joy or success comes to you
will make us glad.

To Charli
with love,

I love a cardinal white and red
To Palo Alto she has fled
The song she sang is in my head
The tears I cry are for her shed

"We cannot know what lies ahead
People change," is what she said
But love like ours is never dead
I love a cardinal white and red

Alarm!

Boyd & Associates combines the best available people and equipment for the ultimate in central station fire, burglary and holdup alarm systems.

Electronic intrusion alarms provide continuous surveillance at reasonable cost. Criminals usually avoid breaking and entering properties with modern alarm systems.

If they do, dispatchers at our 24-hour central station send help instantly...seven days a week.

At the same time, Boyd & Associates guards protect against vandalism, fire, mechanical breakdowns, natural disasters and otherwise provide the extra dimension of security that comes with human judgment.

Learn why more and more companies are trusting their security to Boyd & Associates.

LARYSSA

So this is it!
I just wanted to tell
you that you were (ARE) good-
looking. A few months back
Tracy told me that you would
(might) go to prom with me when
I was trying to find someone to go. I
I was already committed when she told me
this. I wish I would have asked you. I
Think we would have had a blast! Well, I
missed out! You have a great personality and
the good looks to. See you in the future. I wish
you the best of luck in the future. I hope you get
everything out of life that you deserve the best. Fol. Don't stop until
you do because you deserve the best.

Love ya always
David Dieter

Say yes!
Well, it's been a long
time and I've really gotten
to know you a little more
every year and I hope I will
keep getting to know you by keeping
in touch because I think you
a person worth keeping in touch
with. Good luck in
the future.

~~my~~ Larissa, (TODD)

I found some more room.

I would really like to know how you
feel? Because I just don't know
what to say. I really do feel
kind of weird. I screwed up!!!

Hope you understand.

Dear Jorissa,

You know that I want to jump your
bones. Don't be shocked, I haven't been
normal for the last 4 yrs. You expect me
to be normal now? You have a serious
problem girl. Well, the last 4 yrs. have
been great, and I'm sure that we have
plenty of partying to go. According
to the stock market (Dow Jones), Gold
has fallen another 5 dollars. Don't mind
me, I'm just being off-the-wall, I
love ya lots, Take care of yourself.

Dear Laryssa,

Boy I feel like we've been together forever!
I guess it's finally over huh? I want to wish
you the best of luck in life. You're a sweetheart
and I love you! Don't forget the day we had
our program and we drank before. That was
great! Take care and keep in touch!

Love ya! 362-1483
Sharon

Laryssa -

Hey chick, the years over
and it seems like we just met.
Well, we practically did, but you're
a nice person I've come to find
out and I'm glad I did because
I never knew you. I hope we
always stay in touch. Where are
you going to college? I'm going to
CSUN. See you around. Call me

Love,

It's been hell
but I'm glad you
had some good
times.
Always,

Risa,

To a very special friend.
I'm glad senior year was the
time we were able to become
closer friends because you mean
lots to me. Kaines was just the beginning.
Let's keep in touch!
